# Cumulative Contents

## Northern Territory Naturalist No. 31, April 2026

**Short Notes**

*Amini S.R. and Kyne P.M.* Geographic range extension of the poorly known Ningaloo Maskray (*Neotrygon ningalooensis*) in the Northern Territory, Australia. pp. 2–7.

*Pettit M.J.* New records of Eastern Yellow Wagtail (*Motacilla tschutschensis*) from Melville Island in the Northern Territory. pp. 8–12.

**Research Articles**

*Danao G.C., Brassard F. and Andersen A.N.* The ant fauna of a dry rainforest in Australia's Northern Territory. pp. 13–21.

*Lilleyman A., Woodworth B.K., Maglio G., Jessop R., Coleman J.T. and Bush R.* Lessons learned from catching and satellite-tagging the globally Endangered Far Eastern Curlew (*Numenius madagascariensis*) in Australia. pp. 22–32.

*Pettit M.J., Hoffmann, B.D., Sarre, R. and Ashdown D.* Attractancy of hydrogels to invasive ants and hermit crabs: Proposed hydrogel use to control Tropical Fire Ant (*Solenopsis geminata*) at Ashmore Reef Marine Park. pp. 33–46.

*Rawsthorne J and Rawsthorne P.* Seasonality of wing feather moult for adult Brown Honeyeaters in the monsoon-tropical city of Darwin, Northern Territory. pp. 47–56.

*Ely I., Schneider L., Eisemberg De Alvarega C.C., Christian K., Garcia E. and Ford L.* A first assessment of metal bioaccumulation by the Northern Long-necked Turtle (*Chelodina rugosa*) in the Finniss River floodplain, northern Australia. pp. 57–74.

*Pettit M.J.* New and noteworthy bird records in the Darwin Local Government Area for 2022: Insights from the eBird citizen science platform. pp. 75–119.

**Species Profile**

*Franklin D.C. Bambusa arnhemica*, the Top End Bamboo. pp.120–129.

## Northern Territory Naturalist No. 30, February 2021

**Research Articles and Short Notes**

*Thusithana V., Bellairs S.M. and Bach C.S.* Fruiting season and seed germination of coastal vine forest species from East Point Recreational Reserve, Northern Territory, Australia. pp. 2–14.

*O'Dea A. and Winderlich S.* A citizen science project in Ludmilla Bay, Darwin Harbour, helps identify invertebrates that fuel shorebird migration. pp. 15–35.

*Noske R.A.* A population of the rare Northern Shrike-tit that forages and breeds in a seasonally inundated paperbark woodland in Arnhem Land, Northern Territory. pp. 36–49.

*Noske R.A.* New localities for nine bird species in Arnhem Land, including those for the notable Gouldian Finch, Red Goshawk and Hooded Robin. pp. 50–70.

*Lowe L.* Red flags in a sea of green. pp. 71–79.

*Braby M.F.* and *Westaway J.* What to grow: An annotated list of native larval food plants of butterflies and diurnal moths in the Darwin region, Northern Territory. pp. 80–96.

*Brown G.R.* Gastropod-like caterpillar cases on Turkey Bush. pp. 97–99.

*Deeti S. and Cheng K.* Observations on relocation of a nest by a colony of Red Honey Ants (*Melophorus bagoti*). pp. 100–107.

*Willan R.C.* and *Kessner V.* A conspectus of the freshwater molluscs of the Daly River catchment, Northern Territory. pp. 108–137.

*Bourke A.J.* Observations on the gastropod prey of *Chicoreus capucinus* (Gastropoda: Muricidae) in Darwin Harbour mangroves. pp. 138–144.

**Book Review**

*Willan R.C. Fire: A Brief History.* Second edition. pp. 145–146.

## Northern Territory Naturalist No. 29, July 2019

**Research Articles and Short Notes**

*Rowe C., Br*and *M., Hutley L.B., Zwart C., Wurster C., Levchenko V. and Bird M.* Understanding Australian tropical savanna: environmental history from a pollen perspective. pp. 2–11.

*Madhu K.C. and Bellairs S.M.* Effects of soil treatments on the establishment of *Acacia* and *Eucalyptus* following gravel extraction. pp. 12–23.

*Swan G. Wilson S. and Harvey C.* Across the Barkly: fauna recovery from a gas pipeline trench. pp. 24–36.

*Swan G. and Harvey C.* An observation of excavating behaviour by a Black-headed Python (*Aspidites melanocephalus*) in the wild. pp. 37–39.

*Hays B.J., Bidwell J.R. and Dittmer D.E.* An assessment of thermal preference of two species of Knob-tailed Geckos, *Nephrurus levis* and *N. laevissimus,* at Uluru Kata-Tjuta National Park. pp. 40–53.

*Bourke A. J.* An observation of Burton's Legless Lizard (*Lialis burtonis*) in a tropical mangrove forest. pp. 54–56.

*Hall C.A. and Potvin D.A.* Sex determination in-ovo as a population management tool for the Southern Cassowary and Coastal Emu. pp. 57–74.

*Willan R.C.* and *Jones H.A.* Do freshwater mussels exist on the Tiwi Islands? pp. 75–81.

*Woo K.G.P. and Willan R.C.* Incursion of the bivalve *Potamocorbula faba* into northern Australia: a record from a Holocene archaeological site in Kakadu National Park. pp. 82–87.

*Grubert M.A.* Catch, discard and bycatch rates in the Western Gulf of Carpentaria Mud Crab Fishery: summary for 2017 and 2018. pp. 88–94.

*Bourke A.J.* A record of fish predation by the mangrove crab *Epixanthus dentatus* (Brachyura: Oziidae). pp. 95–97.

*Brown G.R. and Henderson C.L.* First record of the Grass Cross Spider (*Argiope catenulata*) of the family Araneidae in Australia. pp. 98–102.

**Book Reviews**

*Wright N.R. Dinosaurs – How They Lived* and *Evolved*. pp. 103–105.

*Riddell W. Australian Birds of Prey in Flight*. pp. 106–107.

*Brown G.R. A Field Guide to the Freshwater Fishes of the Kimberley*. p. 108.

## Northern Territory Naturalist No. 28, July 2018

**Short Notes**

*Hermes M.* The restricted distribution of the Emu (*Dromaius novaehollandiae*) calls for a more nuanced understanding of traditional Aboriginal environmental management. pp. 2–6.

*Westaway J.O.* Update on Myrtle Rust in the Top End. pp. 7–11.

*Noske R.A. and Johnstone R.E.* Nest eggs and breeding season of the Arafura Fantail (*Rhipidura drya*). pp. 12–22.

*Noske R.A. Estbergs J. and Brady C.* Mangrove Robins breeding outside mangroves on the Arafura Swamp, Northern Territory. pp. 23–29.

**Research Articles**

*Lilleyman A., Alley A., Jackson D., O'Brien G. and Garnett S.T.* Distribution and abundance of migratory shorebirds in Darwin Harbour, Northern Territory, Australia. pp. 30–42.

*Barton D.P. and Jones H.I.* Nematodes from northern Australian reptiles. pp. 43–60.

*Barton D.P.* Notes on the diet of the Black-spotted Croaker (*Protonibea diacanthus*) across northern Australia. pp. 61–69.

*Bourke A.J.* First record of tree-climbing behaviour in the Striated Mudcreeper (*Terebralia semistriata*) (Gastropoda: Potamididae). pp. 70–74.

## Northern Territory Naturalist No. 27, October 2016

**Research Articles and Short Notes**

*Brockwell S., O'Connor S., Litster M. and Willan R.C.* New insights into Holocene economies and environments of Central East Timor: Analysis of the molluscan assemblage at the rockshelter site of Hatu Sour. pp. 2–12.

*Westaway J.O.* The pathogen Myrtle Rust (*Puccinia psidii*) in the Northern Territory: First detection, new host and potential impacts. pp. 13–28.

*Westaway J., Alford L., Ch*and*ler G. and Schmid M. Asystasia gangetica* subsp. *micrantha,* a new record of an exotic plant in the Northern Territory. pp. 29–35.

*Bellairs S.M. and Caswell M.J.* Seed viability of native grasses is important when revegetating native wildlife habitat. pp. 36–46.

*Bannister N., Holl*and *J. and Farrelly T.* Nest site fidelity of Flatback Turtles (*Natator depressus*) on Bare Sand Island, Northern Territory, Australia. pp. 47–53.

*Lilleyman A.* Records of waterbirds and other water-associated birds from the 2014/15 migratory season in the Darwin region. pp. 54–59.

*Rawsthorne J.* Fluctuations in use of urban roost and foraging sites in Darwin by Pied Heron (*Ardea picata*). pp. 60–67.

*Martine C.T., Boni A.J., Capaldi E.A., Lionheart G.E. and Jordon-Thaden I.E.* Evidence of rock kangaroo seed dispersal via faecal seed storage in a tropical monsoon community. pp. 68–77.

*Barton D.P., Chapman P.A. and Groom R.A.* Report of the presence of *Hapalotrema synorchis* and *H. postorchis* (Digenea: Spirorchiidae) in marine turtles (Reptilia: Cheloniidae) in Northern Territory waters. pp. 78–83.

*Ferns L.W.* Coral communities in extreme environmental conditions in the Northern Territory, Australia. pp. 84–96.

*Bourke A.J., Walker C. and Willan R.C.* First record of two mangrove leaf slugs, *Elysia leucolegnote* and *E. bangtawaensis* (Sacoglossa: Plakobranchidae) in mangrove forests in the Northern Territory. pp. 97–101.

*Bourke A.J.* Field identification of the *Platevindex* mangrove slugs (Mollusca: Gastropoda: Onchidiidae) of Darwin Harbour. pp. 102–105.

*Oberprieler S.K., Jennings D. and Oberprieler R.G.* Captain King's lost weevil – alive and well in the Northern Territory? pp. 106–120.

*Braby M.F. and Westaway J.O.* Rediscovery of the Spinifex Sand-skipper (*Proeidosa polysema*) in the Darwin area, Northern Territory. pp. 121–125.

**Book Review**

*Dengate J. Wildlife Conservation: In the Belly of the Beast.* pp. 126–128.

## Northern Territory Naturalist No. 26, June 2015

**Editorial** pp. 2–3.

**Short Notes**

*Bourke P.* 'Poor man's tucker' – historic and contemporary consumption of longbum shellfish around Darwin. pp. 4–12.

*Giuliano C. and Guinea M.L.* A recently formed Crested Tern (*Thalasseus bergii*) colony on a

sandbank in Fog Bay (Northern Territory) and associated predation. pp. 13–16.

*Chatto R., Guinea M.L., Low Choy D. and Mangion P.* The Yellow-lipped Sea Krait (*Laticauda colubrina*) in the Northern Territory. pp. 17–20.

*Kyne P.M.* Occurrence of a Sharksucker (*Echeneis naucrates*) on a Northern River Shark (*Glyphis garricki*) in a tidal riverine habitat. pp. 21–26.

*Neusser T.P., Bourke A.J., Metcalfe K. and Willan R.C.* First record of Aitengidae (Mollusca: Panpulmonata: Acochlidia) for Australia. pp. 27–31.

**Research Articles**

*Riddell W.E.* Aspects of breeding ecology of the Brown Goshawk (*Accipiter fasciatus*) in an urban environment in northern Australia. pp. 32–43.

*Barton D.P.* Helminth parasites of the introduced Asian House Gecko (*Hemidactylus frenatus*), (Gekkonidae), in the Northern Territory, Australia. pp. 44–55.

*Willan R.C., Hoskins M., Wright N.R. and Brown G.R.* A gutless wonder: first record of the remarkable acoel flatworm *Wulguru cuspidata* in the Northern Territory. pp. 56–66.

*Braby M.F.* New distribution records for some butterflies from the Gulf of Carpentaria, northern Queensland. pp. 67–75.

*Anderson S.J., Bellis G.A., Thistleton B.M., Tran-Nguyen L.T., Edwards T.D., Hobern D., Quintao V., Halling L. and Walker J.A.* New distribution records of the Star Fruit Flower Moth (*Diacrotricha fasciola)* (Lepidoptera: Pterophoridae) in Australia and Timor-Leste. pp. 76–84.

## Northern Territory Naturalist No. 25, March 2014

**Short Notes**

*Palmer C. and Peterson A.* First report of a lacaziosis-like disease (LLD) observed in the Australian Snubfin Dolphin (*Orcaella heinsohni*) in Darwin Harbour, Northern Territory, Australia. pp. 3–6.

*Ward S.J. and Young S.* A bird in the hand is not always easily identified: Description of downy chicks of Chestnut-backed Button-quail (*Turnix castanotus*) from Cobourg Peninsula, Northern Territory, Australia. pp. 7–*11*.

*Lilleyman A.* and *Hensen B.J.* The occurrence of the Asian subspecies of the Gull-billed Tern (*Gelochelidon nilotica affinis*) in the Darwin region, Northern Territory. pp. 12–17.

**Species Profile**

*Willan R.C.* Management of Brazilian Joyweed (*Alternanthera brasiliana*) in the Casuarina Coastal Reserve, Darwin, Australia. pp. 18–28.

**Research Articles**

*Braby M.F.* Remarks on the spatial distribution of some butterflies and diurnal moths (Lepidoptera) in the Top End of the Northern Territory, Australia. pp. 29–49.

*Brown G.R. and Phillips R.D.* A review of the diet of flower wasps (Hymenoptera: Thynnidae: Thynninae). pp. 50–63.

*Rich D., Greenslade P. and Bickel D.* Changes in dominance of dipteran families on Coral Sea cays over ten years during a period of substantial vegetation change. pp. 64–76.

## Northern Territory Naturalist No. 24, February 2013

**Research Articles**

*Bisa D.* New locations of butterflies from northern Arnhem Land, Northern Territory. pp. 2–13.

*Fukuda Y., Saalfeld K., Webb G., Manolis C. and Risk R.* Standardised method of spotlight surveys for crocodiles in the tidal rivers of the Northern Territory, Australia. pp. 14–32.

*Reynolds S. J.* Habitat associations of birds at Manton Dam, Northern Territory. pp. 33–49.

**Short Notes**

*Kyne P.M.* First record of Spotted Whistling Duck *Dendrocygna guttata* for the Northern Territory. pp. 50–54.

*Jackson M.V. and Kyne P. M.* Red-rumped Swallow *Cecropis daurica* in the Northern Territory. pp. 55–60.

*Kyne P.M. and Jackson M. V.* An insectivorous Australian Pratincole *Stiltia isabella* diversifies its diet. pp. 61–64.

*Palmer C. and Chatto R.* First confirmed sighting of the Killer Whale *Orcinus orca* in Northern Territory coastal waters. pp. 65–67.

**Species Profiles**

*Willan R.C.* A key to the potamidid snails (longbums, mudcreepers and treecreepers) of northern Australia. pp. 68–80.

*Franklin D.C. and Bate P.J. Brachychiton megaphyllus,* the Red-flowered Kurrajong. pp. 81–88.

**Book Review**

*Reynolds S.J. Flammable Australia. Fire Regimes, Biodiversity and Ecosystems in a Changing World*. pp. 89–91.

## Northern Territory Naturalist No. 23, December 2011

**Review**

*Braby M.F., Willan R.C. and Woinarski J.C.Z.* and *Kessner V*. Land snails associated with limestone outcrops in northern Australia – a potential bioindicator group. pp. 2–17.

**Research Articles**

*Franklin D.C.* Butterfly counts at Casuarina Coastal Reserve in the seasonal tropics of northern Australia. pp. 18–28.

*Martine C.T., Lavoie E.M., Tippery N.P., Vogt F.D. and Les D.H.* DNA analysis identifies *Solanum* from Litchfield National Park as a lineage of *S. dioicum*. pp. 29–38.

**Short Notes**

*Whiting S.D.* Shallow water foraging using a shoreline boundary by the Indo-Pacific Humpback Dolphin *Sousa chinensis* in northern Australia. pp. 39–44.

*Trainor C.R.* New island records of *Eucalyptus alba sensu lato* for Damar and Romang, Lesser Sundas, Indonesia. pp. 45–53.

*Kyne P.M. and Jackson M.V.* Short-tailed Shearwater *Ardenna tenuirostris* in the Northern Territory. pp. 54–58.

*Holbery P.* Waiting for the wet: out of season records for adult Leichhardt's Grasshopper *Petasida ephippigera* (Orthoptera: Pyrgomorphidae). pp. 59–62.

**Book Review**

*Prior L. Stray Feathers: Reflections on the Structure, Behaviour and Evolution of Birds.* pp. 63–64.

## Northern Territory Naturalist No. 22, November 2010

**Research Articles**

*Franklin D.C., Matthews R. and Lawes M.J.* History of the East Point monsoon forest. pp. 2–16.

Crase B., Duguid A., Pengart R.N., Jakamarra P.W., Angal L.P., Pengart M.S. and Kemarr A. Distribution and conservation status of the Giant Sweet Potato, a rare Aboriginal food plant from Central Australia. pp. 17–30.

*Werner P.A.* Fine-scale patchiness of burns in a mesic eucalypt savanna differs with fire season and Sorghum abundance. pp. 31–44.

Reynolds S.J. Birdlife of Mickett Creek: factors influencing frequency of occurrence and detection. pp. 45–59.

*Thomas B., Holland J.D. and Minot E.O. Home* range and movement patterns of an Estuarine Crocodile *Crocodylus porosus*: a satellite tracking pilot study. pp. 60–74.

**Short Notes**

*Kyne P.M. and Jackson M.V.* An extralimital record of Grey-headed Honeyeater *Lichenostomus keartlandi* from Darwin, Northern Territory. pp. 75–78.

*Andersen A.N.* Persistence of gaps in Annual Sorghum following burning of fallen trees. pp. 79–80.

*Rosenfeld E.J., Maurer G. and Langmore N.E.* Breaking free: Gould’s Bronze-Cuckoo nestlings can forge a second exit to fledge from domed host nests. pp. 81–87.

*Dunn K. and Franklin D.C.* Exploring the adequacy of representation of butterfly species’ distributions in a more accessible portion of northern Australia. pp. 88–94.

*Short P. and De La Rue K.* Notes on species of *Hyptis* Jacq. (Lamiaceae) naturalised in the Northern Territory, Australia. pp. 95–105.

**Book Review**

*Short P.* The Top of the Top End: John Gilbert’s Manuscript Notes for John Gould on Vertebrates from Port Essington and Cobourg Peninsula (Northern Territory, Australia): with Comments on Specimens Collected during the Settlement Period 1838 to 1849, and Subsequently. pp. 106–108.

## Northern Territory Naturalist No. 21, October 2009

**Research Articles**

*Anderson S.J. and Braby M.F.* Invertebrate diversity associated with tropical mistletoe in a suburban landscape from northern Australia. pp. 2–23.

*van Doorn A. and Low Choy J.* A description of the primary habitat of the Purple-crowned Fairy-wren *Malurus coronatus coronatus* in the Victoria River District, N.T. pp. 24–33.

*Brady C.J.* Seasonality of nectar production by woodland plants on the Gove Peninsula. pp. 34–44.

**Short Notes**

*Davis A.M.and Perna C.* Evidence for predation on terrestrial Cane Toads *Bufo marinus* by the Sooty Grunter *Hephaestus fuliginosus* in northern Australia. pp. 45–48.

*Palmer C., Fitzgerald P., Wood A., Harley S. and McKenzie A.* False Killer Whales *Pseudorca crassidens*: regular visitors to Port Essington and Darwin Harbour in the Northern Territory, Australia. pp. 49–53.

*Ward S.J., Berghout M. and Baker B.* Notes on the form and habitat of nests of the Northern Shrike-tit. pp. 54–60.

## Northern Territory Naturalist No. 20, September 2008

**Research Articles**

*Franklin D.C. and Bisa D.* Field key to the lycaenid butterflies of the Top End and Kimberley. pp. 1–18.

**Short Notes**

*Larson H.K.* Weber's Mudskipper *Periophthalmus weberi*: new record for the Daly River. pp. 19–21.

*Grace B.S. and Sawyer G.* Dead fish and frogs associated with Cane Toads near Darwin. pp. 22–25.

*Booksmythe I., Detto T. and Backwell P.R.Y.* A field guide to the fiddler crabs of East Point Reserve, Darwin, Northern Territory. pp. 26–33.

*Keates A., Collins T. and Franklin D.C.* Aggressive behaviour by the Beach Stone-curlew. pp. 34–37.

*Carlson A.J.* Nesting event of the Cicadabird *Coracina tenuirostris* in the Northern Territory. pp. 38–40.

*Andersen A.N., Bradley M., Cook G.D., Eager R., Lawes M.J., Richards A. and Schatz J.* Burning following tree fall causes local elimination of annual sorghum. pp. 41–46.

*Willan R.C.* The taxonomic and nomenclatural status of the Northern Australian Greater Blue-ringed Octopus (*Hapalochlaena* sp.): a correction with potentially significant consequences. pp. 47–49.

**Review**

*Jacups S.P. and Currie B.J.* Blue-ringed Octopuses: a brief review of their toxicology. pp. 50–57.

**Species Profile**

*Crowley G.* Cockatoo Grass *Alloteropsis semialata* as a keystone species in northern Australia. pp. 58–63.

## Northern Territory Naturalist No. 19, June 2007

**Research Articles**

*Gorman J.T., Saalfeld K. and Griffiths A.D.* Population estimate of Asian Water Buffalo and wild cattle in the Arafura Swamp, central Arnhem Land. pp. 1–8.

*Franklin D.C.* Dry season observations of butterflies in the "Gulf country" of the Northern Territory and far north-west Queensland. pp. 9–14.

*Palmer C., Brennan K. and Morrison S.* Short-term effects of a Category 5 cyclone on terrestrial bird populations on Marchinbar Island, Northern Territory. pp. 15–24.

*Scott K.* Flora of the Territory Wildlife Park, Berry Springs, with particular reference to the grass layer. pp. 25–34.

*Braby M.F.* Collecting biological specimens in the Northern Territory with particular reference to terrestrial invertebrates: guidelines to current legislation and permits. pp. 35–45.

**Short Notes**

*Franklin D.C.* Sulphur-crested Cockatoo *Cacatua galerita* feeds on nectar. pp. 46–47.

*Maurer G.* Love is in the air: arboreal copulations in the Pheasant Coucal *Centropus phasianinus*. pp. 48–50.

*White D. and Gill J.* A "lost years" Flatback Turtle *Natator depressus* (Garman, 1848) found. pp. 51–53.

*Short P*. Some notes on polyads and seed set of some northern Australian species of *Acacia*. pp. 54–57.

*Trembath D.F., Blackburn III J.L. and Rowley J.J.L.* Road kill predation by a Children's Python *Antaresia childreni* (Serpentes: Boidae) at Adelaide River, Northern Territory. pp. 58–59.

*Reynolds S.J.* Some common names for Top End frogs. pp. 60–68.

*Noske R.A.* Nesting biology of Striated Herons *Butorides striatus* in Darwin, Northern Territory. pp. 69–75.

*Gillis M. and Noske R.A.* Orange-footed Scrubfowl in Darwin - horticultural pest or partner? pp. 76–80.

## Northern Territory Naturalist No. 18, November 2005

**Research Articles**

*Franklin D.C., Michael B. and Mace M.* New location records for some butterflies of the Top End and Kimberley regions. pp. 1–7.

*Grace B.* Do predators affect the survival of *Macaria pallidata* larvae? Implications for biological control of *Mimosa pigra* in the NT. pp. 8–13.

*Larson H.K*. Threatened fishes of the Northern Territory. pp. 14–20.

*McArthur L.J. and Young J.E.* A survey of nocturnal reptiles of Robin Falls, Northern Territory: implications of *Bufo marinus*. pp. 21–33.

*Trainor C.R.* Distribution and natural history of the cryptic Chameleon Dragon *Chelosania brunnea*: a review of records. pp. 34–44.

**Short Notes**

*Franklin D.C.* Avian granivores consume flowers, not just seed, of the Top End Bamboo *Bambusa arnhemica*. pp. 45–50.

*Franklin D.C. and Kerrigan R.* A population count and ecological notes for the little-known terrestrial orchid *Didymoplexis pallens*. pp. 51–53.

*Gole M.* Birds of Lake Nongra and surrounding bushland, Northern Territory. pp. 54–60.

*Reynolds S.J.* Use of tree hollows by the Green Tree Frog *Litoria caerulea* at East Point Reserve, Darwin. pp. 61–67.

## Northern Territory Naturalist No. 17, July 2003

**Research Articles**

*Franklin D.* Vertebrate pollinators visit flowers of an Umbrella Tree *Schefflera actinophylla* almost exclusively in the afternoon. pp. 1–6.

*Koenig J., Griffiths A.D., Godjuwa C. and Campion O.* Aerial survey of vertebrates in the Mann River district, central Arnhem Land. pp. 7–19.

*Jaensch R.* Records of northern waterbirds in the Barkly wetlands, Northern Territory 1993–2002. pp. 20–30.

*Jaensch R.* Recent records and breeding of Painted Snipe *Rostratula benghalensis* in the Mitchell Grass Downs and Sturt Plateau, Northern Territory. pp. 31–37.

*Jaensch R.* Breeding by Freckled Duck *Stictonetta naevosa* and a review of recent records, in the Barkly wetlands, Northern Territory. pp. 38–42.

**Short Notes**

*Puckey H.* Additional records of the Carpentarian Rock-rat *Zyzomys palatalis* at Redbank, close to the type locality. pp. 43–45.

*Milne D.J. and Nash K.L.* Range extension for the White-striped Freetail Bat *Tadarida australis* in the Northern Territory, from Anabat recording. pp. 46–49.

*Franklin D.C. and Mangion C.P.* Occurrence of the Yellow Plum *Ximenia americana* L. as a tidal strand-line plant in Darwin Harbour. pp. 50–52.

*Healey C.* First record of the Metallic Starling *Aplonis metallica* in the Northern Territory. pp. 53–55.

**Species profile**

*Rankmore B.* Black-footed Tree-rat (*Mesembriomys gouldii*). pp. 56–57.

## Northern Territory Naturalist No. 16, July 2000

**Research Articles**

*Fisher A., Woinarski J.C.Z., Churchill S., Trainor C., Griffiths A.D., Palmer C. and Cooper N.* Distribution of the rock-dwelling dasyurids *Pseudantechinus bilarni* and *P. ningbing* in the Northern Territory. pp. 1–13.

**Short Notes**

*Chatto R.* Whale strandings in the Northern Territory I. Great Sperm Whale *Physeter macrocephalus* on Casuarina Beach, Darwin. pp. 14–15.

*Chatto R. and Saalfeld K.* Whale strandings in the Northern Territory II. Dwarf Sperm Whale *Kogia simus*. pp. 15–16.

*Chatto R. and Jacobson J.* Whale strandings in the Northern Territory III. A mass stranding of Melon-headed Whales *Peponocephala electra* on Elcho Island. pp. 16–18.

*Chatto R. and Jacobson J.* Whale strandings in the Northern Territory IV. A mass stranding of Short-finned Pilot Whales *Globicephala macrorhynchus* on Melville Island. pp. 19–20.

*Blamires S.J. and Nobbs M.* Observations of mangrove habitation by the monitor lizard *Varanus panoptes*. pp. 21–23.

*Cheal D. and Fisher A.* Split-winged Bluebush *Maireana dichoptera*: first record for the Northern Territory. pp. 24–25.

*McCrie N.* A record of the Common Starling *Sturnus vulgaris* in Darwin, Northern Territory. pp. 26–27.

*Woinarski J.C.Z.* Range extension of the Inland Thornbill *Acanthiza apicalis* into the wet-dry tropics. pp. 28–31.

*Chapman S*. Occurrence and eradication of a small population of the Eurasian Tree Sparrow *Passer montanus* in Darwin. pp. 32–33.

*Fraser F.* Unusual predator avoidance behaviour by a Peaceful Dove *Geopelia striata*. pp. 34–35.

**Identification notes**

*Franklin D. and Noske R.* Friarbirds (*Philemon* spp.). pp. 36–37.

**Species profile**

*Fraser F*. Partridge Pigeon (*Geophaps smithii*). pp. 38–39.

## Northern Territory Naturalist No. 15, 1997

*Nielsen M.G.* Two specilaised ant species *Crematogaster* (*australis* Mayr group) sp. and *Polyrhachis Sokolova* Forel in Darwin Harbour mangroves. pp. 1–5.

*Barnes T.A. and Franklin D.C.* Notes on nests of the Chestnut Rail. pp. 6–11.

*Griffiths A.D.* Records of two introduced rodents *Mus musculus* and *Rattus rattus* from bushland in Elsey National Park. pp. 12–15.

*Whiting S.D.* Opportunistic observations of marine mammals from the coastal waters of Fog Bay, Northern Territory. pp. 16–26.

*Whiting S.D., Noske R.A., Guinea M.L., Chatto R. and Donato D.* Observations of birds on islands in northern Fog Bay, Northern Territory. pp. 27–40.

*Franklin D.C., Johnson G.C. and Dostine P.L.* A capture record of the Northern Shrike-tit. pp. 41–42.

*Noske R.A., Barnes T.A. and Barnes V.* First breeding record of the Cicadabird in the Northern Territory. pp. 43–44.

## Northern Territory Naturalist No. 14, 1993
